

BIG WARSOP

BUILDING BIG LOCAL MOMENTUM
THROUGH WORKING WITH PARTNERS ON
A BIG PROJECT

OBJECTIVES

- A brief history of The Shed – The story so far
- Group Discussions
- Feedback and Shared Learning

- But first....
- Name, Big Local Area, a sentence on your own “big venture”

Vehicles

THE STORY SO FAR

- Big Warsop plan drafted with no reference to taking on a big building or of being a legal entity
- A big building is offered to Big Warsop with the hurry up on time scales
- Big Warsop sees the opportunity and the need to work with a local partner
- Warsop Youth Club says yes in principle to taking on the venture, aware but only partially of the scale and potential complexities involved

GROUPWORK

- + and – of grabbing the opportunity
- + and – of BW working through a small local partner
- Nature of the relationship with the partner organisation (hands off honouring the group's independence or hands on?)
- Once off funding to get the project started or repeated contributions?
