BUILDING CONFIDENCE TO CREATE A VISION FOR THE FUTURE

"I joined Recharge as a lost girl who needed help with a drug issue I have. I met Becks about 3 years ago when I had another issue, I can honestly say she has helped me change my life completely and has opened many doors for me. Now that I have joined Recharge not only for my drug use but for the opportunity of a life time I have positive thoughts and attitude towards myself and others. Recharge is the best thing that has ever happened to me."

Little P

"Hi my names Steph, I am a young musician who is a volunteer for a young people's project called Recharge. I have been a part of the scheme from the start and even named it. I hope to take the lead on a music group to help others achieve and maintain clean time within the project. When Becca told me her vision about starting a project two years ago I really wanted to get involved as she helped me with my recovery. I wanted to do the same to help others as I truly believe it will help to bring young people together in Telford and Wrekin Recharged into recovery."

BUILDING CONFIDENCE TO CREATE A VISION FOR THE FUTURE

- Being a volunteer and helping out with events has been great. It has given me back my confidence which I lost a few years ago. Brookside big local have sponsored my rugby team which has boosted our spirits not only in our local community but at our local rugby club. Big local having given me my confidence back I'm currently taking my rugby level 2 coaching which will give me chance to hopefully work along side big local with future events.

THE NEED... A friendly, open group to support families in the community who's first language is not English

THE RESPONSE... 'Welcome group' formed to welcome those new to the area and isolated as a result of language barriers

WELCOME GROUP

Created to be an informal get together in a relaxed, friendly atmosphere

To give support with information and signposting for services, local groups and agencies

Conversational English to aid integration into the community

Participants choose subject matter for each session

Supporting friendships made within the group and externally

Information on and invitations to participate in local events

The group is attended by approximately 10 – 15 each week, mainly families with young children, who are waiting to go onto English courses which are over subscribed so there is always a waiting list. This group provides support in the initial stages of their learning English and has nurtured new friendships amongst participants whose first languages are Romanian, Latvian and Lithuanian

This group has been running since end of March and has proved to be a lifeline for new, non English speaking, members of our community

BUILDING RELATIONSHIPS, FRIENDSHIPS AND TRUST

Sarah Penn....As a volunteer on reception at Brookside Central and Chair of the Brookside Events Group I have been given the opportunity to enrol on courses for new life skills training, meet new people and improve my personal skills. All of this has given me the confidence to communicate with and organise events for our community.

Sarah Penn. Chair, Brookside Events Group

Lorraine Smith....Volunteering in the Take 5 café for many of the community reduces isolation and helps to meet people. As a volunteer in the café my confidence has grown immensely as I progressed from washing dishes to front of house and, having gained my level 2 food safety qualification, to cooking full meals.

Lorraine Smith. Take 5 café volunteer
