

Harnessing the power of others

Join this session to exchange ideas about getting and using match funding and support from others

Do you approach every project with the expectation that you will receive match funding at the very least – and that you could even get the project off the ground without any cost?

Does this mean thinking outside the box, or is it about a mindset – are you confident that people are going to help you?

- Background of area
- Wave 3
- Assumptions
- Resident driven
- Big Local Rep
- · LTO
- Steering Group
- Survey priorities
- Board Membership
- Change of LTO

- Create and or enhance a sense of community across the area
- Create opportunities for business start-ups especially social entrepreneurs in the area
- Provide a sense of identity through a range of activities
- Provide activities for young people especially those that raise aspirations
- Create ways in which Riverside Community will be sustainable beyond the 10 years life of Big Local
