# Objectives

1. To reflect on your volunteering journey to date
2. To spend some time looking ahead to the future and think about your personal goals
3. To think practically about what you might do to take the next steps in your volunteering journey beyond Big Local

# Past

Why did you get into  
volunteering / community  
work? What have you  
achieved so far?

# Future

When you step away from your  
volunteer work in the future,  
what do you want to look back  
and think/be proud of?

# Start, Stop, Continue

Based on the future vision you've just outlined for your journey, what do you need to:

1. Continue doing
2. Stop doing
3. Start doing

# Thanks.
